

## Phi Phi 10 The Later Rise

The Phi Phi Islands are an island group in Thailand, between the large island of Phuket and the west strait of Malacca coast of the mainland. The islands are administratively part of Krabi province. Ko Phi Phi Don meaning “island” in the Thai language is the largest island of the group, and is the most populated island of the group, although the beaches of the second largest island, Ko Phi Phi Lee, are visited by many people as well.

### Itinerary

Pick-up start 08:40 am

#### Monkey Beach

Everyone loves the monkey but we are a little bit more cautious. They can and do bite so we ask everyone to be aware and listen to the tour guides instructions.

#### Morning Snorkeling

We have a few locations to choose from, Viking Cove, Loh Somah Bay, Dragon Lagoon, Straight Rock or Par Dang. Which location we choose will depend on the sea conditions, tide and other tour groups on the day.

#### Pileh Lagoon

It is a spectacular emerald green lagoon surrounded by high limestone cliffs, one of the world most gorgeous natural swimming pool.

#### Maya Bay (N/A during June - Sep)

Maya Bay was made famous by the film “The Beach” starring Leonardo DiCaprio in 2000. This is a “must see” for most tourists so it gets very busy, however we usually arrive before everyone else.

#### Bamboo Island – Lunch

Buffet lunch direct on the white powdery beach of the island.

#### Afternoon Snorkeling

Options include Nui Bay (Camel Rock), Mosquito Island, Hin Klan or in front of Bamboo Island.

#### Return to pier at 05.30pm.
